

Hey all!!

This coming Sunday night at 6pm we will wrap up Essentials. Please bring your notes from the first 8 weeks.

Prep for some convo around what is sound doctrine in particular.

Consider the creeds and catechisms we looked at and ask what is missing or unnecessary.

What present day needs are not addressed?

And, most importantly, how are we going to pass this “sound doctrine” on to the next generation (adults and kids) here in the context of Generations?

We will have a great discussion. I am excited to see where we land!!
